We Create Your Future In Success

Message From Director

India has made tremendous technical advancement and consequently holds a position of responsible nation of the world. Various R&D and educational organisations in India are contributing significantly towards the growth of the nation and helping the country in maintaining its technical edge.

This growth can only be sustained through technical leadership that can be provided by the young, dynamic and energetic brigade of today.

N.S.C.B Educational Group is the youngest Institution. The first batch of undergraduate students were admitted in 2015. N.S.C.B Educational Group aspires to prepare young individuals to become the professional leaders of tomorrow by equipping them with technical know-how and competence to take the future challenges. N.S.C.B Educational Group is striving for research-driven undergraduate education. Our objective is to create an education system with multifacet outcomes including research, entrepreneurship, technical leadership, and above all, responsible citizenship.

It will be also our endeavour to rapidly create our new campus in all over India with world-class research and education technology, create collaboration with national and international industries, academic institutions, governments and provide avenues for bright future to the young aspiring students.

Prof. Naushad Alam
Director
N.S.C.B Educational Group
